

## OPTOTRAK<sup>®</sup> PRO<sub>SERIES</sub>

### Portable CMM

*...versatility, portability, usability.*

The OPTOTRAK PROseries Portable Coordinate Measurement Machine is the latest innovation in accurate, versatile, trouble-free measurement. Designed specifically for the shop floor, the highly versatile OPTOTRAK PROseries provides a wide range of next-generation optical measurement tools, including handheld laser scanners, an optical SMR, and the industry's most advanced digitizing probe.

A fully accessorized system takes minutes to setup, and everything fits into two convenient travel cases. Wireless functionality and optical technology eliminate potential cable trips, mechanical linkages and disruptive beam breaks, providing operators with a full range of motion and complete freedom to move about.

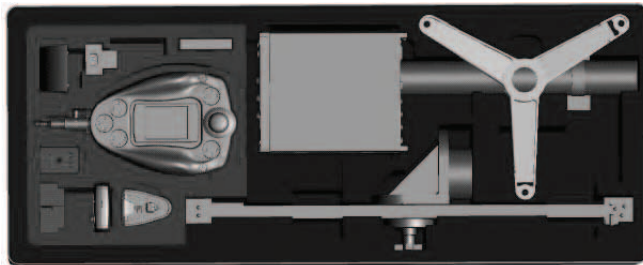

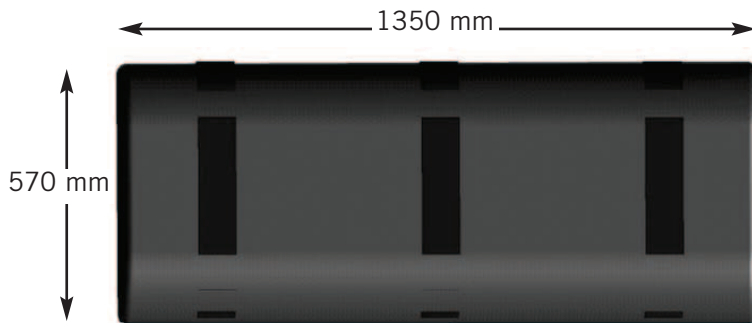

- *Easy to transport*
- *Easy to Use*
- *Sets up in minutes*
- *Armless, wireless, beamless*

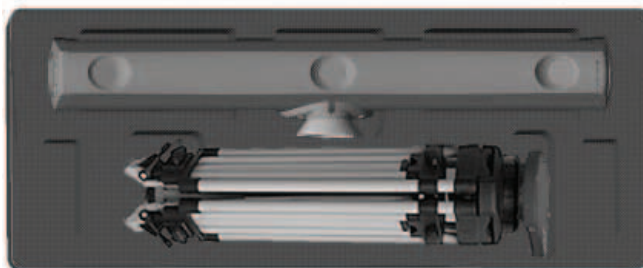

*Accessory Case*

*Optical Tracker Case*

*...now you are in control!*
